#### MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended December 31, 2007

Our discussion and analysis of the Fire Protection District No. 4 of Catahoula Parish's financial performance provides an overview of the financial activities as of and for the fiscal year ended December 31, 2007. Please read in conjunction with the basic financial statements and the accompanying notes to financial statements.

The Management's Discussion and Analysis is an element of the new reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 issued in June 1999.

#### OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities (Government-Wide Financial Statements) provide information about the activities as a whole and present a longer-term view of the Fire Protection District No. 4's finances. The Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balance-Governmental Fund (Fund Financial Statements) tell how services were financed in the short term as well as what remains for future spending. Fund financial statements also report the operations in more detail than the government-wide financial statements by providing information about the most significant funds.

Our accountant has provided limited assurance in his accountants' review report that they are not aware of any material modifications that should be made to the accompanying financial statements. The accountant, regarding the Required Supplemental Information and the Supplemental Information is providing varying degrees of assurance. A user of this report should read the accountant's review report carefully to ascertain thelevel of assurance being provided for each of the other parts in the Annual Report.

#### Government-Wide Financial Statements

One of the most important questions asked about finances is "Is the Fire Protection District No. 4 as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information of the Fire Protection District No. 4 as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the net assets and changes in them. You can think of net assets—the difference between assets and liabilities—as one way to measure the financial health, or financial position. Over time, increases or decreases in net assets are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, to assess the overall health of the Fire Protection District No. 4.

#### **Fund Financial Statements**

The fund financial statements provide detailed information about the most significant funds-not the Fire Protection District No. 4 as a whole. Some funds are required to be established by State laws.

# MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended December 31, 2007 (continued)

The Fire Protection District No. 4 uses only the governmental type of fund with the following accounting approach. Most of the basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash.

The governmental fund statements provide a detailed short-term view of the general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more for fewer financial resources that can be spent in the near future to finance the Fire District No. 4's's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds in the reconciliation statement.

#### FINANCIAL HIGHLIGHTS

Our financial statements provide these insights into the results of this year' operations:

- As a result of this year's operations assets exceeded liabilities by \$809,688 (net assets).
- Total net assets are comprised of the following
  - (1) Investment in capital assets of \$718,070 including the cost of office equipment, and furniture, net of accumulated depreciation and related debt.
  - (2) Unrestricted net assets of \$91,215 representing the portion available to maintain the continuing obligations to citizens and creditors.
  - (3) Restricted net assets of \$403, which represents the cash for debt service.
- The governmental funds reported total ending fund balance of \$64,618. Of this amount \$403 was reserved for debt service and the rest, \$64,215 was unreserved. This compares to the prior year ending fund balance of \$53,073, showing an increase of \$11,545 during the current year.
- Total spending for all general government activities was \$149,387 for the year, which was \$(132,350) less than the program revenues for these activities \$17,037.
- The interest earned on checking accounts was \$93 for the year.

The Statement of Net Assets and the Statement of Activities reports only one type of activity-governmental activities. All of the basic governmental services are reported as this type. Property taxes finance most of these activities.

# MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended December 31, 2007 (continued)

#### FINANCIAL ANALYSIS AS A WHOLE

The Fire Protection District No. 4's net assets reduced by \$(49,224) as a result of this year's operations. As a result of approved property tax, the overall financial position improved during the fiscal year ending December 31, 2007. Restricted net assets—the part of net assets that can not be used to finance day-to-day operations due to constraints established by debt covenants, enabling legislation, or other legal requirements—absorbed most of the decrease this year. The balance in net assets represents the accumulated results of all past years' operations. It means that if we had to pay off all of our bills today, including all of our non-capital liabilities, we would have \$91,215 left.

The Fire Protection District No. 4's total revenues for the year in governmental activities were \$100,163 (\$17,037 in donations and charges for services and \$83,126 in general revenues). The total cost of all government programs and services was \$149,387 with no new programs added this year. The following tables reflect the condensed statements of net assets and statement of activities of 2006 and 2007.

#### FINANCIAL ANALYSIS OF INDIVIDUAL FUNDS

As we noted earlier, the Fire Protection District No.4 uses funds to help it control and manage money for particular purposes. Looking at funds helps you consider whether the Fire District No. 4's if being accountable for the resourcesprovided to but may also give more insight into the overall financial health.

## MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended December 31, 2007 (continued)

As the Fire District No. 4's completed the year, its governmental funds reported a combined fund balance of \$64,618. This reflects an increase of \$11,545 from last year. This decrease is primarily the result of spending on capital outlay described within the analysis of the governmental activities.

#### GENERAL FUND BUDGETARY HIGHLIGHTS

The budget for the General Fund was adopted this fiscal year. The excess spending that was not adjusted in the budget are as follows:

(1) Various expense categories - \$31,492.

#### CAPITAL ASSETS

Capital assets, net of accumulated depreciation, for governmental activities as of December 31, 2007 was \$918,437.

This year there was \$476 of additions to capital assets.

The Fire District No. 4's adopted a capitalization policy during the year whereby only furniture and equipment over \$50 would be capitalized. More detailed information about the capital assets is presented in Note 5 to the financial statements.

#### DEBT

At year-end, the Catahoula Parish Fire District No. 4's had bond debt outstanding of \$150,000. The district also owed notes of \$7,932. There were certificates of indebtedness outstanding in the amount of \$14,000.

#### ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The District has discretion in setting fees and costs for services provided. The office staff and costs have been largely stable for the past several years, and are expected to remain so.

Taking all factors into consideration, the District's general fund balance is expected to decrease by the close of 2008.

#### CONTACTING FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the Fire District No. 4's's finances and to show the their accountability for the money it receives. If you have questions about this report or need additional financial information, contact Chief Robert Squyres, Fire District No. 4, 2335 Hwy. 923, Jonesville, LA 71343 at phone number (318) 339-1305.

A PROFESSIONAL CORPORATION

The Board of Directors
Fire Protection District No. 4 of Catahoula Parish

We have reviewed the accompanying financial statements of the governmental activities and each major fund of Fire Protection District No. 4 of Catahoula Parish, a component unit of the Police Jury Of Catahoula Parish, as of and for the year ended December 31, 2007, which collectively comprise the Fire District's basic financial statements as listed in the table of contents, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of the management of Fire Protection District No. 4 of Catahoula Parish.

A review consists principally of inquiries of Entity personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting principles.

The Management's Discussion and Analysis and the Required Supplementary Information as listed in the foregoing table of contents, are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board and the state of Louisiana. Such information has not been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, but was compiled from information that is the representation of management, without audit or review. Accordingly, we do not express an opinion or any other form of assurance on the supplementary information.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2007

#### INTRODUCTION

Fire Protection District No. 4 of Catahoula Parish was created by the Catahoula Parish Police Jury on September 22, 2003 by adopting an ordinance ratifying the creation of the district. The District is a political subdivision governed by the laws of the State of Louisiana and is a component unit of Catahoula Parish Police Jury.

The accounting and reporting policies of the District conform to the generally accepted accounting principles (GAAP) as applicable to governmental units except as noted elsewhere in this report. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statute 24:517 and to the guides set forth in the Louisiana Municipal Audit and Accounting Guide, and to the industry audit guide, Audits of State and Local Governmental Units

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Basis of Presentation

The accompanying financial statements of the Fire Protection District No. 4 of Catahoula Parish (Sandy Lake) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, Basic Financial Statements-and Management's Discussion and Analysis—for State and Local Governments, issued in June 1999.

#### B. Reporting Entity

As the governing authority of the parish, for reporting purposes, the Catahoula Parish Police Jury is the financial reporting entity for Catahoula Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2007 (CONTINUED)

#### B. REPORTING ENTITY (contd.)

GASB Statement No. 14 established criteria for determining which component units should be considered part of the Catahoula Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

- 1. Appointing a voting majority of an organization's governing body, and
  - a. The ability of the police jury to impose its will on that organization and / or
  - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
- 2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
- 3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury could be provided with specific financial benefit or could be responsible for specific financial burdens, the Fire Protection District No. 4 (Sandy Lake) was determined to be a component unit of the Catahoula Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the Fire Protection District No. 4 (Sandy Lake) and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2007 (CONTINUED)

#### C. Fund Accounting

The Fire Protection District No. 4 (Sandy Lake) uses the funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

#### Governmental Funds

Governmental funds account for all or most of the District' activities. These funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources that may be used to finance future period programs or operations of the Fire Protection District No. 4 (Sandy Lake). The following are the Fire Protection District's governmental funds:

#### General Fund

The General Fund is the general operating fund of the district. It is used to account for all financial resources except those that are required to be accounted in another fund.

#### Debt Service Fund

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of general long-term obligation principal, interest and related costs

#### Capital Project fund

The capital Project fund is used to account for financial resources received and used for the acquisition, construction or improvement of capital facilities not reported in other governmental funds.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2007 (CONTINUED)

#### D. Measurement Focus/Basis of Accounting

#### Fund Financial Statements(FFS)

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources and uses of current financial resources. The modified accrual basis of accounting is used by the fund financial statements (FFS). Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The governmental funds use the following practices in recording revenues and expenditures:

#### Revenues

Ad valorem taxes, rents and user fees are recorded when earned

Interest earnings on time deposits are recorded when the time deposits have matured and the interest is available.

Substantially all other revenues are recorded when received.

#### **Expenditures**

Purchases of various operating supplies are recorded as expenditures in the accounting period they are purchased. Compensated absences are recognized as expenditures when leave is actually taken or the employees (or heirs) are paid for accrued leave upon retirement or death.

Salaries are recorded as expenditures when earned.

Principal and interest on general long-term debt are recognized when due.

Substantially all other expenditures are recognized when the related fund liability has been incurred.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2007 (CONTINUED)

#### D. Measurement Focus/Basis of Accounting (contd.)

#### Other Financing Sources (Uses)

Transfers between funds that are not expected to be repaid, sales of assets and capitalized leases are accounted for as other financing sources (uses). These other financing sources (uses) are recognized at the time the underlying events occur.

#### Government - Wide Financial Statements (GWFS)

The Statement of Net Assets and the Statement of Activities display information about the Fire District No. 4 as a whole. These statements include all the financial activities of the Fire District No. 4. Information contained in these statements reflect the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Non-exchange Transactions.

#### Program Revenues

Program revenues included in the Statement of Activities are derived directly from users as a fee for services; program revenues reduce the cost of the function to be financed from general revenues.

#### E. Budgetary Practice

Operating budgets of proposed expenditures and revenues were adopted for the general (maintenance) fund. Budgeted amounts are as originally adopted, or as amended by the Board of Commissioners. All budgets are adopted consistent with generally accepted accounting principles (GAAP).

The Fire District No. 4 follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Formal budgetary integration is employed as a management control device for the Fire District No. 4's General fund. The budget is adopted on a modified accrual basis of accounting.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2007 (CONTINUED)

#### E. Budgetary Practice (contd.)

- 2. The Fire District No. 4 approves all budget line items.
- 3. Unused appropriations for all annual budgetary funds lapse at the end of the year.
- 4. The budget amounts shown in the financial statement are initial and final authorized amounts as revised during the year.

#### F. Cash and Cash Equivalents

Cash and cash equivalents include amounts in all demand deposits, interest bearing demand deposits and time deposits with original maturities of three months or less from the date of acquisition.

#### G. Investments

If the cash deposits have original maturities greater than 90 days, they are classified as investments. Investments are stated at cost or amortized cost.

#### H. Capital Assets

Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District maintains a threshold level of \$50 or more for capitalizing capital assets.

Capital assets are recorded in the Statement of Net Assets and Statement of Activities. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public purposes, no salvage value is taken into consideration for depreciation purposes. All capital assets, other than land,, are depreciated using the straight-line method over th following useful lives:

Estimated

	Estimated
Description	<u>Lives</u>
Furniture & Equipment	5-25 years
Property Improvements	10-50 years

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2007 (CONTINUED)

#### I. Compensated Absences

Currently, there are no employees and all services are provided on a volunteer basis.

#### J. Restricted Net Assets

For government-wide Statement of Net Assets, net assets are reported as restricted when constraints placed on net asset use are either:

- 1. externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; and
- 2. imposed by law through constitutional provisions or enabling legislation.

#### K. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Any designations of fund balance represent tentative management plans that are subject to change.

#### L. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2007 (CONTINUED)

#### M. Long Term Debt

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net assets. In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses

#### 2. CASH

At DECEMBER 31, 2007, the Fire District No. 4 has cash and cash equivalents (book balances) totaling \$6,732 as follows:

Demand Deposits Including	
Interest bearing demand deposits	\$ 6,732
Time Deposits	 -0-
Total	\$ 6,732

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by the federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At DECEMBER 31, 2007, the District has \$5,034 in deposits (collected bank balances). These deposits are secured from risk by \$5,034 of federal deposit insurance(category 1).

Even though the pledged securities are considered un-collateralized (Category 3) under the provisions of GASB Statement 3, R.S. 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Fire District No. 4 that the fiscal agent has failed to pay deposited funds upon demand. (This disclosure should acknowledge any violations of state law relating to adequate pledged securities.)

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2007 (CONTINUED)

#### 3. TAXES RECEIVABLE

On November 15, 2003, an election was held to authorize a five (10.00) mills ad valorem tax on each dollar of assessed valuation, on all property subject to such taxation within Catahoula Parish for ten years, beginning with the year 2004 for the purpose of constructing, maintaining and operating facilities for the benefit of the Fire District No. 4 of Catahoula Parish. Also, tax payers authorized the district to annually levy and collect unlimited ad valorem taxes sufficient to pay bond holders.

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. Taxes are levied in September or October and are actually billed to the taxpayers in November. Billed taxes become delinquent on January 1 of the following year.

For the year ended December 31, 2007, taxes were levied on property in Catahoula Parish and were dedicated to Fire District No. 4 of Catahoula Parish as follows:

			Less:	Taxes
	Taxes Levied	<b>Received Prior</b>	Allowance for	Receivable
	At 12/31/07	To 12/31/06	<u>Uncollectible</u>	At 12/31/07
4.31 mills	\$ 20,237	\$ (2,942)	\$ (1,407)	\$ 15,888
10.00 mills	<u>46,951</u>	<u>(6,867)</u>	(3,282)	_36,802
Total	<u>\$ 67,188</u>	<u>\$ (9,809)</u>	<u>\$ (4,689)</u>	\$ 52,690
STATE TAX	REBATE			<u>5,196</u>
			TOTAL	<u>\$ 57,886</u>

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2007 (CONTINUED)

#### 4. BAD DEBTS

Uncollectible amounts due for customer receivables are recognized as bad debts through the establishment of an allowance account at the time information becomes available which would indicate the uncollectible portion of the particular receivable.

#### 5. CAPITAL ASSETS

A summary of property and equipment and accumulated depreciation at DECEMBER 31, 2007 follows:

Furniture & equipment	Balance 12/31/06 \$ 988,373	Property and  Additions \$ 476	Equipment  Deletions	Balance 12/31/07 \$ 988,849	
Fixed assets & improvements  Land  Total	197,331 <u>27,000</u> \$ 1,212,704	\$ <u>476</u>		197,331 27,000 \$1,213,180	
	Accumulated Depreciation				
	Balance			Balance	
	<u>12/01/06</u>	<u>Additions</u>	<u>Depreciation</u>	<u>12/31/07</u>	
Furniture & equipment Fixed assets &	\$ 205,853	\$ 71,724		\$ 277,577	
improvements	12,233	<u>4,933</u>		17,166	
Total	<u>\$ 218,086</u>	<u>\$ 76,657</u>	-	<u>\$ 294,743</u>	

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2007 (CONTINUED)

#### 6. LONG TERM DEBT

The Fire District No. 4 of Catahoula Parish paid off the following certificate of indebtedness at December 31, 2007:

The District issued Certificates of Indebtedness, Series 2007 to Catahoula Lasalle Bank of Jonesville, Louisiana in the amount of \$14,000 on Aug 1, 2007. Payment of principal and interest are due March 1, 2008. Principal and interest payments begin March 1, 2008 and end March 1, 2008. The interest rate on the Certificate of Indebtedness is 6.00%.

Principal balance at 12/31/07

\$14,000

The district also had bonded debt outstanding at December 31, 2007. The Fire district issued bonds on May 1, 2004 in the amount of \$175,000 which are general obligation bonds with maturities from 2007 to 2019 and have interest rates from 1.70% to 4.65%.

Principal balance at 12/31/07

\$150,000

Fire District No. 4 also has a note payable outstanding to USDA-Farmers Home Administration at December 31, 2007. The Fire district borrowed \$40,000 in 1998 to purchase operating equipment. The loan requires the first payment to be made July 25, 1998 with the final payment due June 30, 2008. The rate of interest is 4.875% with monthly required payments of \$422.

Principal balance at 12/31/07

\$2,432

Fire District No. 4 also has a note payable outstanding to Southern Heritage Bank at December 31, 2007. The Fire district borrowed \$5,500 on Oct. 11, 2007. The loan requires full payment to be made in 90 days. The rate of interest is 7.75%.

Principal balance at 12/31/07

<u>\$5,500</u>

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2007 (CONTINUED)

#### 6. LONG TERM DEBT (cont)

All principal and interest requirements are funded in accordance with Louisiana Law by the annual ad valorem tax levy on taxable property within the parish. The long term debt is due as follows:

Year ending, December 31,	Gen Oblig Bo		Notes Payable		
	Principal	Interest	Principal	Interest	
2008	10,000	5,740	7,932	141	
2009	10,000	5,460			
2010	10,000	5,155			
2011	10,000	4,828			
2012	10,000	4,015			
2013-2017	70,000	15,292			
2018-2019	_30,000	1.380			
Total	\$150,000	41.870	\$ 7,932	141	
Certificate of indebtedness due 2008	<u>\$14,000</u>	<u>\$487</u>			

#### 7. CHANGES IN LONG-TERM DEBT

The following is a summary of changes in long-term debt for the year ended December 31, 2007:

	Balance December 31,				Balance December 31
<b>Description</b>	<u> 2006</u>	<b>Additions</b>	<u>D</u>	eductions	<u>2007</u>
Governmental activities					
Certificate of indebtednes General Obligation Bonds	160,000	\$14,000 0	\$	(20,000 ) (10,000 )	\$ 14,000 150,000
Notes Payable Total	7,249 \$ 187,249	5,500 19,500	-	(4,817) (34,817)	<u>7,932</u> <u>\$171,932</u>

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2007 (CONTINUED)

#### 8. RESTRICTED ASSETS AND RESTRICTED NET ASSETS

Proceeds in the capital project fund are restricted for construction or purchase of assets which are funded through long term debt. Net assets restricted for debt service include excess of assets over certain liabilities restricted for the debt service on the general obligation bonds. Cash is also restricted for payment of the USDA loan and the bond requirements.

### Independent Accountants' Report on Applying Agreed-Upon Procedures

To the Management of Fire Protection District No. 4

We have performed the procedures included in the Louisiana Governmental Audit Guide and enumerated below, which were agreed to by the management of Fire Protection District No. 4 and the Legislative Auditor of Louisiana, solely to assist the users in evaluating management's assertions about compliance with certain laws and regulations during the year ended December 31, 2007, included in the accompanying Louisiana Attestation Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

#### PUBLIC BID LAW

- 1. Select all expenditures made during the year for material and supplies exceeding \$20,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).
  - No expenditures meeting limits.
- 2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.
  - Management provided us with the required list including the noted information.
- 3. Obtain from management a listing of all employees paid during the period under examination.
  - There were no employees and services were contracted for or donated.

4. Determine whether any of those employees included in the listing obtained from management in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

None.

#### BUDGETING

5 Obtained a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget. There were no amendments to the budget for the year.

6. Trace the budget adoption and amendments to the minute book.

The budget was adopted in the minutes.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more or if actual expenditures exceed budgeted amounts by 5% or more.

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual expenditures and revenues did not exceeded budgeted amounts by more than 5%.

#### ACCOUNTING AND REPORTING

- 8. Randomly select 6 disbursements made during the period under examination and:
  - (a) trace payments to supporting documentation as to proper amount and payee;

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

(b) determine if payments were properly coded to the correct fund and general ledger account.

All payments were properly coded to the correct fund and general ledger account.

(c) determine whether payments received approval from proper authorities.

Inspection of documentation supporting each of the six selected disbursements indicated approvals from the Fire Chief. In addition, each of the disbursements were approved by the full board.

#### **MEETINGS**

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

Fire Protection District No. 4 complied with open meetings law as required.

#### DEBT

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

We inspected copies of all bank deposit slips for the period under examination and noted deposits which were proceeds of certificates of indebtedness. The debt was approved by the state bond commission. There was also a bank loan made from the southern Heritage Bank on October 11, 2007 that was not paid off within the required 90 days.

#### ADVANCES AND BONUSES

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advance, or gifts.

There were no employees during the year ended.

The prior year does not have unresolved findings.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of Fire Protection District No. 4 and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibilities for the sufficiency fo the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

#### Summary Schedule of Prior Review Findings For the Year Ended December 31, 2006

	Fiscal Year Finding Initially		Planned Corrective	
Ref No.	Occurred	Description of Finding	Action Taken	
06-1	2006	Local Budget Act	Corrected	

#### SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2007

We have reviewed the financial statements of the Fire Protection District No. 4 of Catahoula Parish as of December 31, 2007 and have issued our report thereon dated June 9, 2008. We conducted our review and agreed upon procedures in accordance with Statements on standards for Accounting and Review Services issued by the American Institution of Certified Public Accountants and the Louisiana Governmental Audit Guide along with requirements established by the State Legislative Auditor's office.

#### Section 1-Schedule of findings

#### 07-1 Temporary Bank loans of 90 days

Condition: The fire district Borrowed \$5,500 from the Southern Heritage Bank on

October 11, 2007. The terms were for 90 days but the loan was paid back

after the 90 days had elapsed.

Criteria: In accordance with state law, all political subdivisions should limit

temporary borrowing to 90 days.

#### CORRECTIVE ACTION PLAN YEAR ENDED DECEMBER 31, 2007

#### Accountant Ref. Number

All future temporary bank loans will be repaid within 90 days in accordance with 07-1

applicable state law.
